Lalitpur, Nepal +977-9841234567 https://linkedin.com/in/bibekshrestha-mobile
https://github.com/bibek-dev-np

PROFESSIONAL SUMMARY

Mid-level Mobile Developer with over 5 years of experience in building scalable mobile applications for the Nepal market. Expertise in Flutter, Kotlin, and integration of complex payment gateways like eSewa and Khalti. Proven track record of optimizing app performance and delivering high-quality user experiences in fast-paced startup environments.

TECHNICAL EXPERTISE

Languages: Dart, Kotlin, Java, SQL

Frameworks: Flutter, Android SDK, BLoC, Provider

Tools: Firebase, Git, Jira, Android Studio, VS Code

Integrations: eSewa, Khalti, Google Maps, REST APIs

PROFESSIONAL EXPERIENCE

Senior Mobile Developer May 2022 - Present
Foodmandu

- Leading the development of the primary consumer-facing application using Flutter, serving over 100k active monthly users.
- Implemented real-time order tracking using Google Maps API and WebSockets, reducing customer support calls by 15%.
- Architected a scalable state management solution using BLoC to handle complex cart logic and multi-restaurant ordering.
- Mentored junior developers and conducted code reviews to ensure adherence to clean architecture principles.

Mobile Application Developer Apr 2021 - Apr 2022
Khalti

- Developed and maintained core wallet modules using Native Android (Kotlin).
- Integrated multiple third-party SDKs for utility bill payments and insurance renewals.
- Enhanced application security by implementing biometric authentication and secure key storage.
- Collaborated with the backend team to optimize REST API responses, reducing app load time by 20%.

Mobile App Developer Aug 2020 - Mar 2021
Braindigit IT Solution

- Built custom e-commerce and CMS-driven mobile applications for diverse regional clients.
- Utilized Firebase Cloud Messaging for targeted push notifications and user engagement tracking.
- Worked in an Agile environment with bi-weekly sprints and continuous integration pipelines.

Junior Android Developer Jan 2019 - Jun 2020
InfoDevelopers Pvt. Ltd.

- Contributed to the development of mobile banking applications for several A-class commercial banks in Nepal.

- Focused on UI implementation using XML and Material Design components.
- Assisted in bug fixing and performance tuning for legacy Java-based Android projects.

INTERNSHIPS & TRAINING

Mobile Intern Sep 2018 - Dec 2018

SoftNEP

- Supported the development of news-based mobile applications using Android Studio.
- Learned professional Git workflow and collaborative development practices.

EDUCATION

Softwarica College (London Metropolitan University) Sep 2015 - Dec 2018

BSc (Hons) Computing in Software Engineering
