# Siddhartha Shakya

Platform Engineer | Cloud Infrastructure & Automation

Lalitpur, Nepal +977-9841234567 linkedin.com/in/siddhartha-shakya-np github.com/sidshakya

## PROFESSIONAL PROFILE

Platform Engineer with over 6 years of experience building scalable cloud infrastructure, CI/CD pipelines, and microservices architectures. Passionate about automating operational tasks, improving developer productivity, and maintaining high-availability systems. Proven track record in cloud migration and site reliability engineering within the Nepali technology ecosystem.

## TECHNICAL COMPETENCIES

Cloud & Orchestration: AWS, Kubernetes, Docker

IaC & Automation: Terraform, Ansible, Bash Scripting

Monitoring & CI/CD: Prometheus, Grafana, Jenkins, GitLab CI

Languages & Databases: Python, Go, PostgreSQL, Redis

## PROFESSIONAL EXPERIENCE

**Senior Platform Engineer** Mar 2021 - Present

Leapfrog Technology

- Lead the platform team in migrating legacy monolithic applications to Kubernetes-based microservices, reducing deployment time by 40%.
- Architected multi-region AWS infrastructure using Terraform and Ansible to ensure 99.99% service uptime.
- Implemented comprehensive monitoring and alerting solutions using Prometheus, Grafana, and ELK stack.
- Mentored junior engineers on best practices for Infrastructure as Code (IaC) and cloud security.

**DevOps Engineer** Jun 2018 - Feb 2021

Cotiviti Nepal

- Managed end-to-end CI/CD pipelines for high-traffic healthcare data processing platforms.
- Automated server provisioning and configuration management using Chef, reducing manual intervention by 60%.
- Collaborated with cross-functional teams to resolve production bottlenecks and optimize database performance.
- Assisted in the implementation of disaster recovery protocols for critical financial data.

**Junior System Engineer** Sep 2016 - May 2018

Deerwalk Inc.

- Provided operational support for internal development environments and production servers.
- Maintained Linux-based server infrastructure and handled routine security patches.
- Authored internal documentation for deployment procedures and system troubleshooting.

## ACADEMIC BACKGROUND

**Pulchowk Campus** Aug 2012 - Jul 2016

Bachelor of Engineering in Computer Engineering
