Expertise in transforming complex datasets into clear, actionable business strategies through advanced SQL, Python scripting, and interactive BI dashboards. Proven track record of improving operational efficiency and risk assessment models.

### TECHNICAL SKILLS

Languages: SQL, Python (Pandas, NumPy, Scikit-learn), R

BI Tools: Power BI (DAX), Tableau, Advanced Excel (VBA)

Core Competencies: Data Visualization, ETL, Statistical Analysis, Data Mining, Business Intelligence

### PROFESSIONAL EXPERIENCE

**Senior Data Analyst** Mar 2021 - Present

Global IME Bank

- Lead the data analytics team in identifying transaction trends to support the fraud detection unit, reducing unauthorized transactions by 15%.
- Develop and maintain automated financial reporting dashboards using Power BI and DAX for the executive management committee.
- Collaborate with the Risk Management department to refine credit scoring models using historical loan performance data.
- Optimize complex SQL queries across large-scale Oracle databases, improving report generation speed by 40%.

**Data Analyst** Jun 2018 - Feb 2021

Leapfrog Technology

- Performed deep-dive exploratory data analysis (EDA) for international healthcare clients to identify key performance drivers.
- Built and deployed data pipelines using Python (Pandas, NumPy) to clean and transform raw unstructured data into structured formats.
- Utilized Tableau to create interactive visualizations for project stakeholders, facilitating data-driven decision-making.
- Conducted A/B testing on product features to measure user engagement and retention metrics.

**Junior Data Analyst** Oct 2016 - May 2018

CloudFactory Nepal

- Monitored and reported on data quality metrics for large-scale data labeling projects.
- Automated weekly productivity reports using Advanced Excel and VBA, saving 10 hours of manual work per week.
- Assisted in the extraction of data from various internal sources using SQL for ad-hoc analysis requests.
- Liaised with project managers to identify bottlenecks in the data processing lifecycle.

### EDUCATION

**Kathmandu University** Aug 2012 - Aug 2016
Bachelor of Science in Computer Science

**St. Xavier's College** Jul 2010 - Jun 2012
Higher Secondary (+2) in Science
