CORE COMPETENCIES

Languages: Kotlin, Java

Frameworks & Tools: Android SDK, Jetpack Compose, Firebase, Git, MVVM

Concepts: RESTful APIs, SQLite, XML Layouts

ACADEMIC BACKGROUND

Nepal College of Information Technology
Bachelor of Engineering in Computer Engineering in Computer Science
Sep 2019 - May 2023

PROFESSIONAL SUMMARY

Motivated Computer Science graduate with a strong passion for building native Android applications. Proven ability to translate complex requirements into clean, functional code through academic projects and startup experience. Seeking to leverage skills in Kotlin and Jetpack Compose to contribute to dynamic mobile development teams in Nepal.

PROFESSIONAL EXPERIENCE

Mobile Development Intern
Leapfrog Technology
Jun 2023 - Dec 2023

- Collaborated with senior engineers to implement UI components for a fintech application using Jetpack Compose.
- Participated in daily stand-ups and sprint planning sessions using Agile methodologies.
- Identified and fixed over 15 bugs in the production codebase, improving app stability by 10%.
- Assisted in integrating RESTful APIs to display real-time transaction data.

TECHNICAL PROJECTS

Lead Android Developer
Academic Project - Smart Library Management
Aug 2022 - Mar 2023

- Developed an Android app for library book tracking using Firebase for real-time data synchronization.
- Implemented QR code scanning for book check-in/out, reducing manual entry errors by 40%.
- Architected the application using MVVM design pattern to ensure scalability and maintainability.
