Siddhartha Bajracharya

Machine Learning Engineer

Lalitpur, Nepal +977-9841234567 linkedin.com/in/siddhartha-bjr github.com/sbajracharya-ml

PROFESSIONAL SUMMARY

Data-driven ML Engineer with 5 years of experience building scalable production models and automated pipelines. Proven track record in NLP and predictive analytics within the fintech and software service sectors in Nepal.

TECHNICAL COMPETENCIES

Languages & Frameworks: Python, PyTorch, TensorFlow, SQL, Spark

Infrastructure & DevOps: AWS, Docker, Kubernetes, Git

Domain Expertise: Natural Language Processing (NLP), Model Deployment, Feature Engineering

PROFESSIONAL EXPERIENCE

Machine Learning Engineer

Mar 2021 - Present

Fusemachines Nepal

- Developed and deployed production-grade recommendation systems for regional e-commerce platforms using Python and PyTorch.
- Optimized model inference latency by 40% through model quantization and ONNX runtime integration.
- Published 'Scalable Feature Engineering for Low-Resource Languages' at the 2022 Nepal AI Research Workshop.

Data Scientist

Jan 2019 - Feb 2021

Leapfrog Technology

- Built end-to-end data pipelines using Apache Airflow and AWS Glue for processing multi-terabyte financial datasets.
- Collaborated with cross-functional teams to implement predictive churn models that improved customer retention by 15%.
- Automated data cleaning workflows using Spark, reducing manual data preparation time by 20 hours per week.

EDUCATION

Pulchowk Campus

Aug 2014 - Dec 2018

Bachelor of Engineering in Computer Engineering
