Siddhartha Shrestha

Senior Machine Learning Engineer

Lalitpur, Nepal +977-9841234567 https://linkedin.com/in/siddhartha-shrestha-np
https://github.com/sshrestha-dev

PROFESSIONAL SUMMARY

Experienced Machine Learning Engineer with over 7 years of expertise in building scalable AI solutions, computer vision, and natural language processing models. Proven track record of deploying production-grade systems in the fintech and health-tech sectors within the Nepal technology ecosystem. Passionate about leveraging data-driven insights to solve complex operational challenges.

TECHNICAL PROFICIENCIES

Languages & Frameworks: Python, TensorFlow, PyTorch, SQL

Infrastructure & Tools: Docker, Kubernetes, AWS, Git, Linux

Specializations: NLP, Computer Vision, Statistical Modeling, Data Visualization

PROFESSIONAL EXPERIENCE

Senior AI Engineer Mar 2020 - Present

Fusemachines Nepal

- Lead the development of custom NLP models for automated document processing, improving throughput by 40%.
- Collaborate with cross-functional teams to integrate deep learning pipelines into enterprise-grade applications.
- Mentor junior engineers and conduct code reviews for Python-based ML production environments.

Data Science Consultant Feb 2019 - Feb 2020

Freelance Consultant

- Advised local startups on building scalable data infrastructure during a one-year period of independent research and professional development.
- Completed advanced certification in Reinforcement Learning and contributed to open-source libraries.

Machine Learning Engineer Jan 2017 - Jan 2019

Cotiviti Nepal

- Developed predictive models to detect anomalies in healthcare claims, resulting in significant cost savings.
- Optimized SQL and Spark queries to process terabytes of clinical data efficiently.
- Collaborated with data engineers to transition models from research prototypes to production microservices.

ACADEMIC BACKGROUND

Pulchowk Campus, Tribhuvan University Aug 2014 - Dec 2016

Master of Science in Computer System and Knowledge Engineering

Kathmandu University Sep 2010 - Jun 2014

Bachelor of Engineering in Computer Engineering
